Using the library

There is no cost to use the library apart from posting items back to us. You are responsible for returning material on time and in good condition. We issue items for 28 days and you may renew if there are no other borrowers on the waiting list.

You may get a slip with the book asking for an evaluation. Please tick the appropriate box or make a comment as this will help others when choosing resources. Our library is your library and we value your input.

We look forward to hearing from you.

Selecting resources

<http://www.ihc.org.nz/resources>

You can order resources through the online catalogue, phone, call in or email your requests to us. We are always happy to help you select the resources that best suit your needs.
